

Trust & Compliance Policy

White Island Digital Marketing Agency

Legal. Transparent. Fully compliant with global platforms.

White Island is not just a digital marketing agency. We are an infrastructure partner for businesses scaling across international markets that value security, compliance, and full operational control at every stage of the advertising process. This policy applies to operations across the USA, Europe (EU), MENA, LATAM, Asia, Canada, and Africa.

Compliance with Meta Policies

White Island operates strictly within Meta advertising policies. All advertising accounts, strategies, and campaigns undergo internal compliance reviews to minimize risks of bans, ensure account stability, and build long-term scalable strategies. No gray areas. No workarounds. Only legal and controlled growth.

NDA & Client Data Confidentiality

White Island signs NDAs with all clients and partners. We guarantee full confidentiality of business models, budgets, creatives, strategies, analytics, and campaign results. Our partnerships are built on trust, accountability, and transparency.

Transparency of Billing

We provide clear cost structures, regular financial reports, and zero hidden fees. Clients always understand how their budgets are allocated and what services they pay for.

Data Protection & GDPR Compliance

White Island complies with GDPR and international data protection standards. All data is processed lawfully, stored securely, and never shared without legal grounds.

In-House Infrastructure & Asset Ownership

We operate 100% in-house. No reselling, renting, or outsourcing of advertising assets. No third-party account management.

Proprietary Business Managers & Ad Accounts

All campaigns run exclusively through White Island-owned Business Managers and ad accounts, ensuring full control, stability, and compliance with Meta and Google policies.

In-House Media Buying Team

Campaigns are managed by certified media buyers, analysts, and creative specialists within White Island. No outsourcing. Full responsibility guaranteed.

In-House Farming Team

Our internal farming department prepares, maintains, and scales advertising accounts while ensuring compliance and stability.

Creative Platform with In-House Actors

White Island owns a proprietary creative platform and works with internal actors and creators to produce scalable, GEO-adapted content without external studios.

Transparent Payment Operations

All payments are processed through official corporate accounts, following international compliance standards. No unofficial payment tools or third-party gateways.

Control & Security

Our infrastructure allows full control of advertising processes, safe budget scaling, and minimized risks of campaign disruptions.

Our Standard

Only proprietary assets. Only controlled processes. Only long-term stability. This is how White Island builds trusted partnerships worldwide.
